# 1 Executive Summary

Il presente documento D7.5 riporta il lavoro svolto nell'ambito della Task 7.4 – Valutazione della piattaforma di test AGRICORE. Questa attività ha rappresentato il punto di partenza delle azioni dimostrative del progetto, poiché ha sancito la messa in servizio della piattaforma AGRICORE nel suo complesso. Tuttavia, alcuni elementi della piattaforma AGRICORE erano già stati distribuiti in precedenza (ad esempio ARDIT), poiché non influivano sull'esecuzione dei casi d'uso. Questo documento analizza le diverse fasi del processo di valutazione della piattaforma, dalla preparazione dell'ambiente di test fino all'analisi dei risultati ottenuti.
